DETAILED ACTION

The argument in the response after final rejection is persuasive and the finality of previous rejection is withdrawn. Claims 6-11 and 14-17 are allowed.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Yong et al. (US 6,844,631) and Lin et al. (US 6,765,228) do not disclose:

- A bonding area located above a region where each of the metal layers overlaps.
- An elongated probing area located above a subset of the plurality of metal layers for receiving a probing pin of a probing card, the elongated probing area being electrically connected to the bonding area.

Therefore, the above references do not disclose the claimed invention of present application and claims 6-11 and 14-17 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
